

All scores need to be entered on Golf Canada as hole-by-hole scores. We will not be handing in score cards this year to the tournament chair and to be eligible for competitions like the ringer board, we require all members to enter their hole-by-hole scores on Golf Canada (otherwise you are not eligible for most of our weekend and all of our Wednesday tournaments). By entering your hole-by-hole score on Golf Canada you avoid the guesswork of what the max hole score is (you don't need to be on top of the changing handicap rules), just enter your actual score for each hole and let Golf Canada do the rest.

There are two ways of entering your hole-by-hole scores: 1) online via Golf Canada or 2) via the Golf Canada app.

Online logon (for newer members use your registration email address as your user name)... you should have received an email with a link to set up your password... if not then follow the instructions to reset your password

NOTE: as mentioned earlier in the document, enter your actual score for each hole and Golf Canada will automatically change the score (see "Adj" row) for ESC rules to calculate your handicap.

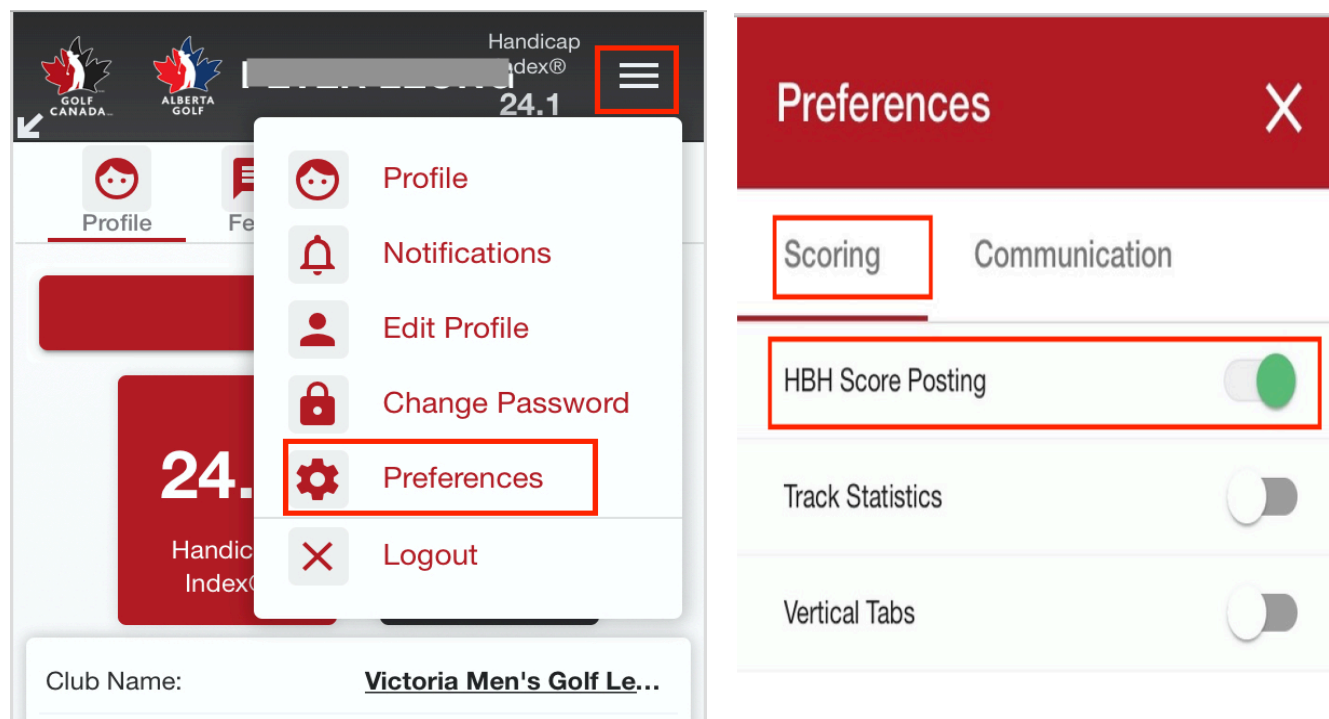

Golf Canada app (go to the Apple or Google store to download the app to your smart phone). The advantage of the app is that you can enter your scores in real time (if you have a data plan).

Open the app (for new members use the registration email address and the personal password you established when you logged on via the Golf Canada website). NOTE: if you leave the app open then you don't have to log on every time.

The screenshot shows the login interface of the Golf Canada app. At the top, there is a dark header with the Golf Canada logo and the text "Current Members" next to a menu icon. Below the header is a light pink box with the text "Login with your Email Address / Username." Underneath this are two input fields: "Email Address / Username" and "Password" (with an eye icon for toggling visibility). A red "Login" button is positioned below the fields. At the bottom, there is a link that says "Forgot your password?"

First thing, make sure the app is set up to enter hole-by-hole scores. By clicking on the menu button, then click on "Preferences". Set your scoring preferences to "HBH Score Posting" (and SAVE your settings).

This block contains two screenshots from the Golf Canada app. The left screenshot shows the main profile screen with a menu button (three horizontal lines) in the top right corner. A dropdown menu is open, listing options: Profile, Notifications, Edit Profile, Change Password, Preferences (highlighted with a red box), and Logout. The right screenshot shows the "Preferences" screen, which has a red header with a close button (X). There are two tabs: "Scoring" (highlighted with a red box) and "Communication". Under the "Scoring" tab, the "HBH Score Posting" option is shown with a green toggle switch (highlighted with a red box). Other options like "Track Statistics" and "Vertical Tabs" have grey toggle switches. At the bottom, the "Club Name" is listed as "Victoria Men's Golf Le..."

When you successfully logged on to the app, you will be directed to the “Profile” screen. Click on “Post a Score”. This will direct you to a HBH scorecard (NOTE: make sure you change the date to when you played the Men’s Club round (e.g. Wednesday May 20, 2020).

 Renews: 06/05/2020

Click on a hole # (e.g. 1) in the “Gross” score row (to enter the actual score for hole #1). Click on the grey circle (it will default to Par – then press plus or minus to arrive to your actual score). Then when you have arrived at your actual score then click on the “Check Mark” to save your score; this will direct you to the HBH scorecard showing you the Gross score and automatically adjusting your score.
